

**CHRIST vs. Evolution (Survival of the Fittest/Selfish)** – Sid Galloway BS, M.Div.  
 Sin – Rebellion → Separation (disorder-dysfunction-disease-death) Gen 1:26-31; Isa 11; Rom 8

**Why do so many respected scientists reject macroevolution by mutations?**  
 (- including the MRI inventor, the Gene Gun inventor at Cornell University, etc.?)

**Background** – Sid Galloway BS, M.Div., ZOOKEEPER, counselor, teacher (same stuff ☺)  
 - I'm **NOT** a professional scientist or scholar. However, I've interviewed many world renowned PhD's who

reject the hypothesis of macroevolution by mutations, so I'll be sharing research and conclusions representing them and 1,000's of others who agree with them. Highlighting an invitation to & attendance at a symposium on **Cornell University** campus entitle: **BIOINFORMATION NEW PERSPECTIVES** (look it up on the web)

**ZOO STORIES** ☺ Job 12:7 “let the animals teach you” - elephants, big carnivores – yes the lions, tigers, bears ...  
 \* The Good Shepherd love HIS nephesh (look it up) animals more than you & most pastors realize!

1. **LIFE QUESTIONS?** – HISTORY (HIS-STORY) origin, purpose, suffering, destiny (*my own suicidal years as a youth*)

2. **CENSORSHIP?** - Peer pressure **BULLYING** against 1,000's of courageous creation scholars  
 - Consensus conditioning instead of critical thinking (see Dr. Nevin's quote below ...)  
 - Damadian, Sanford, Lumsdem, Hartnett, Sarfati, Lisle, Baumgardner, ...

3. **SCIENCE?** - Direct-hard science... ← ... → ... Indirect-soft science (bag of bones?)

4. **HYPO-THESES?** - Theories, laws = underlying beliefs, falsifiable predictions

5. **FAITH?** - Blind or rational (Hebrews 11:1) smell smoke → believe in a fire

6. **ORIGIN** of ... **LAWS** = Information – Logic / Math / Science / Morality?  
 - **MATTER-ENERGY?** Nothing + Nobody = ZERO, not everything

- **FIRST** Life/Cell/DNA? = Bio-information (genetics / epigenetics)  
 Info always comes from an intelligence, never natural chemistry  
 Example – NASA's SETI program (Search for Extraterrestrial Life)

- **MORE** Genomes for all the new KINDS of creatures?  
 Evolution or Devolution? **MACRO**evolution or **MICRO**evolution by selection?  
 Mythical Magical Mystery Mechanism or Intelligent Designer - God?

7. **PURPOSE?** - Meaning, fulfillment, success? Evolution → **my friends suicides**

Isa 11 painting - Lisa Galloway

8. **SUFFERING?** Survival of the fittest? Pain? Fear? Death? HITLER? Communism? Morality - Good vs. Bad? Why?

9. **DESTINY?** Life after **DEATH** → ?????? Nothing? Reincarnation? Resurrection?

10. **ACCOUNTABILITY?** – LAWS = LAWMAKER = JUDGE, so we need an **ADVOCATE** = lawyer, WHO? WHY?

John 1:1-18 **LOGOS** = JESUS! “And if anyone sins, we have an **Advocate** with the Father, Jesus Christ the righteous.” 1 John 2:1  
 HYPOCRITES? Me? Yes. But not Jesus! And not my “**BLACK**” grandfather!

“**Theistic evolution** is a significant **threat** to the Christian church. It **undermines** the very **foundation** of the Christian faith and causes people to **doubt** the truth of Scripture. . . . In [theistic evolution], **death** is not the enemy but the very means by which God created everything.”

“But the **Bible** is very **clear** about this: the wages of **sin** is **death**. Death **came** into the world through **Adam's** sin. Therefore there was **no death prior** to the fall of man and therefore there could be no evolution whatsoever before that time.” **David DeWitt PhD, Biochemist/Neuroscientist**

“Those who **question evolution** are often **treated** as **ignorant**, idiotic or ‘**anti-science**’ because they have the audacity to challenge the accepted and prevailing **consensus**. However, **history** has **recorded** that **consensus** was **often** an **obstacle** rather than an aid to understanding.” P. 211 “No coherent, cohesive theology has yet been offered that would allow Christians to embrace evolution with integrity. Science has uncovered a great deal of empirical evidence that is challenging the Darwinian paradigm. **Why then** do so many want to **embrace it**? It appears that the only possible reason is the **fear** of **appearing** intellectually **inferior** to the academic consensus.” p. 220 (= PEER PRESSURE) **Nevin PhD Professor meritus Medical Genetics**, Queen's University Edited chapters by numerous European scholars in the book - [ShouldChristiansEmbraceEvolution.com](http://ShouldChristiansEmbraceEvolution.com)

Service Dog - Scotty

Isa 11 painting - Lisa Galloway

**A sculpture can be beautiful, yet broken.**  
**Earth** is broken due to the **FALL** - until Christ returns.  
 Genesis 1:26-31; Isaiah 11

“the **creation** itself also will be **set free** from its **slavery** to **corruption** into the freedom of the glory of the **children of God.**”

### Science Continuum: Direct ← to → Indirect

1. **Direct** = “**Hard** Sciences” (Physics, Chem, Bio)
  - a. **Variables** are tangible, controllable, measurable
  - b. **Hypotheses** are testable by experiment, lab test ...
  - c. **Evidence** in **present** / **minimal** assumptions needed
2. **Indirect** = “**Soft** Sciences” (**Evolution**, Psych., ...)
  - a. **Variables**: Intangible, uncontrollable, immeasurable (past historical events, emotions, thoughts, will, etc)
  - b. **Hypotheses** test & inferences are much less reliable.
  - c. **Evidence** from **past** / **many** assumption must be made, therefore less reliable conclusions

### Biblical-Rational Faith

- “**Faith** is the ... **evidence** of things **not seen.**” Hebrews 11:1-3  
 \* As **SMOKE** indicates an **unseen FIRE**
- **Hypo**-thesis (Greek = **Underlying-belief**)  
 Scientific, legal, even **spiritual beliefs** should **NEVER** be blind, but based upon sufficient **evidence worthy** of trust. (logical inferences)

### “Evolution” simply means **CHANGE**

The key question is which direction

- “**Micro-evolution**” is a **TRUE** process (just **adaptation**)
  - ONLY **downward** (SELECTION) of existing genes
  - NOT **vertical** change into a NEW “Kind” of life
  - Biblical creationist scientists accept micro-evolution
- “**Macro-evolution**” is a **FALSE** hypothesis
  - Assumes vertical change into new “Kinds” of life
  - **Molecules** to microbes to man by **MUTATIONS**
  - Mutations **DESTROY** DNA over time (Entropy)
  - **CAN’T** create NEW DNA, parts, creatures over time

## DEVOLUTION NOT EVOLUTION – Dr. Sanford, Cornell University

“... the “Primary Hypothesis” (mutation/selection can create and maintain genomes), is actually found to be **without any support!** In fact, multiple lines of **evidence** indicate that the “Primary Hypothesis” is **clearly false and must be rejected**” p. 111. “The **extinction** of the **human genome** appears to be just as **certain** and **deterministic** as the extinction of stars, the death of organisms, and the heat death of the universe” p. 83. “**Few** university-based **geneticists** today would choose to **openly discuss the weaknesses** of the mutation/selection theory. Indeed, I suspect **most** geneticists have **never** seriously **considered** such weaknesses. ... **This is because by faith** they have always **accepted it as axiomatically true**, even as I once did myself. So they have **not even bothered** to examine the **full extent of the problems** with an open mind or an open heart” p. 161-162. [**emphasis added**], author of **Genetic Entropy**, John Sanford PhD Professor for over 25 yrs. Cornell Univ. invented the Gene Gun, & many other patents.
