LOGOS: INFORMATION always comes from an **INTELLIGENCE**

LAWS of logic, language-words-meaning, mathematics, & science actually **FORM** all of space/time/matter/energy/LIFE & LOVE.

These LAWS are INFORMATION and the source of everything.

They're NON-physical realities that existed before the natural physical universe came into being. They're SUPER-natural.

Scripture says that our **CREATOR** is the **LOGOS**, (John 1:1-18) It means source of **LOGIC/Information** (the **WORD**). He made the **LAWS**, so He's the **LAWMAKER – CHRIST**.

QUESTIONS! ANSWERS? – How can you know for sure?

Are people born good or bad?
What is love?
Why does suffering exist?
Do animals have souls?
Will your pets go to heaven?
What does it mean to be mature?
Are there really different races?
Where did you come from?
Why are you here?
* Galatians 5:22-25
Where are you going?

GOSPEL = Good News vs. Bad News

WHY do you think God created creation?

He was not bored. He was not lonely.

God is LOVE (agape) 1 John 4 (Father/Son/Holy-Spirit)
- together eternally in a pure unselfish relationship of **GIVING**

THEY created to share **HIS LIFE & LOVE w/ SOULS**
- relationships **NOT** just rules-laws
- the **LAW** of our Creator Christ is LOVE (John 13:34-35; Rom 10:8-10)

WORLDVIEWS – What's yours? Where'd you get it?

NEVER believe anything I say, unless evidence supports it!

BIG Questions-Ideas-Discoveries-Answers

- Origin? Purpose? Destiny? Suffering?
- Good vs. Bad, Morality?
- GOD? Good Shepherd or Great Predator?
- My youth was suicidal because my faith was feelings.

SCIENCE (World) & SCRIPTURE (Word):

SCIENCE says think logically & believe based on evidence
- **Direct** ← ← → → **Indirect**
(Example = **BONES** – what vs. when/how)
- Hypothesis-Theory-Law?
* CAN only support either of these with evidence & tests.
* CAN NOT prove either one as true or fact.
* BUT can prove either one to be false = falsify

SCRIPTURE says think logically & believe based on evidence
- Prov 14:12 & 15; Heb 11:1; etc.
- Smoke is **evidence** for belief in an **unseen** fire.
- Creation and history (HIS-story)
.... are **evidence** for our **unseen** God.

EVL-UTION? MICRO-EVO? MACRO-EVO?
 - struggle, survival of fittest, pain, fear, suffering, & death

MICRO-EVOLUTION = a true reality
 BUT, it's just natural selection.
 It's just the selecting of already existing genes (BIO-INFO).
 No new major structures or new kinds of creatures are formed.
 Only darker/lighter, bigger/smaller
 Different KINDS are NOT related.

MACRO-EVOLUTION = a false belief
 It's a belief that somehow over time NEW BIO-INFO was produced.
 - made totally NEW PARTS/PROCESSES?
 - made totally NEW CREATURE KINDS?
 - made microbes into mice, monkeys, and men
 It's a blind belief in many unseen, unknown mechanisms instead of God.

WHAT'S COMING? In your LIFE? After you DIE?

NEW CREATION: Isa 11; Rom 8; under HIS LAW of LOVE

- He is the only source of pure unselfish love and life
- He is the **JUDGE** and He is the only SELF-existent Being.
- The Hebrew term "bara" means to CREATE new out of nothing.
- Only God can do this (2nd Law of Thermodynamics).
- He HELD all things together totally at the beginning
- His form of punishment is SEPARATION
- * He LETS GO & things fall apart. He does NOT lash out.
- Our SIN causes SEPARATION. SUFFERING, & DEATH.

We cannot be good enough by our efforts.
 We need Him to forgive us
 & transform us (*metamorphosis*).

MACRO-evolutionists believe M&M's made Everything!

Mystery Mechanisms that made everything NATURALLY

1. **UNIVERSE?** (NOTHING + **M&M** → Info/Laws, Universe)
2. **LIFE?** (NON-living chemicals + **M&M** → Bio-Info/DNA/Machines?)
3. **KINDS?** (SURVIVAL + **M&M** → New bio-info DNA, new organisms?)
4. **REPAIR?** (DNA + **M&M** → Fixed MUTATION meltdown?)
5. **MORALITY?** (Molecules + **M&M** → Minds that are somehow able to know GOOD vs. BAD)

SOME OF QUESTIONS WE'LL TALK ABOUT

- Why does the MEDIA censor 1,000's of PhD's scholars?
- How is the theory of Macroevolution EVIL?
- What was the original Garden of EDEN like?
- Who is LUCIFER and what is he doing now?
- Did METHUSELAH really live over 900 years?
- What does newly discovered DINOSAUR soft tissue tell us?
- What is the TRUTH about Noah's ARK?
- Why is there no such thing as WHITE PEOPLE?
- How do ASTRONOMY, GEOLOGY, BIOLOGY, & PSYCHOLOGY show that the BIBLE is perfectly accurate?
- Is Christ COMING BACK soon and what will happen?
- How can you BE SURE that you will be there? Will your PETS be there?

IT'S NOT A MINOR ISSUE. It's a matter of life or death.

1. **GOD:** Good Shepherd or Great Predator?
2. **GRAPHE:** Is the Bible really God's trustworthy Word to us?
3. **GOSPEL:** If there was no first Adam, was Jesus death useless?
4. **GLORIFY:** What image or character are we to reflect?

Is it the Creator's love & cooperation, or selfish survival & competition?
